14th TWG-FSN Meeting on Cambodia's 2nd Roadmap for Food Systems for Sustainable Development 2030

On 11 June 2025, IIRR-Cambodia Country Director Or Thy participated in the 14th Technical Working Group on Food Security and Nutrition (TWG-FSN) meeting, chaired by H.E. Dr. Ouk Rabun, Chairman of the Council for Agricultural and Rural Development (CARD) and Chair of the TWG-FSN.

A key highlight of the meeting was the presentation of Cambodia's 2nd Roadmap for Food Systems for Sustainable Development 2030, which outlines five strategic priorities. These priorities include: (1) building resilient, inclusive, and profitable food systems; (2) promoting safe and healthy food environments; (3) supporting sustainable and nutritious diets; (4) empowering women, youth, and marginalized groups; and (5) strengthening governance and digital systems.

The roadmap emphasizes the importance of equity and inclusion - particularly the participation of vulnerable communities such as indigenous peoples, both at national and sub-national levels.
